

Directions

We are about 60 miles west of the Twin Cities area and about 40 miles south of St. Cloud

From the Twin Cities area, you can take either US #12 or MN #7 west.

MN #7 will take you into Hutchinson, where most of the motels are. In Hutchinson, take MN #15 north towards Dassel, about 11 miles. You will pass Pigeon Lake with scenic overlook on your right. ½ mile after this is a dead end road (705th Ave.) on the right. Turn right onto the dead end. There is a small tan house close to the highway that shares the dead end as a driveway. Continue following the road all the way to the back, ½ mile. Our farm is the only thing back there.

On US #12, you will follow it through Dassel. After you have gone through town, there will be a stoplight at MN #15. Turn left/south onto #15, going about 3 miles. You will be looking for a dead end road (705th Ave.) on your left side. Just before the dead end, there is a farm with Hereford cows and a large white barn close to the road. Turn left onto the dead end. There is a small tan house close to the highway that shares the dead end as a driveway. Continue following the road all the way to the back, ½ mile. Our farm is the only thing back there.

From the north, just follow MN #15 south to the stoplight just outside of Dassel (US12/MN 15 junction).

After the stoplight, go another 3 miles. You will be looking for a dead end road (705th Ave.) on your left side. Just before the dead end, there is a farm with Hereford cows and a large white barn close to the road. Turn left onto the dead end. There is a small tan house close to the highway that shares the dead end as a driveway. Continue following the road all the way to the back, ½ mile. Our farm is the only thing back there.

The following has some motel info that the prices are subject to change. These prices were obtained in the spring of '05, so to get the exact price; you will need to call first. This will just give you an idea of the price ranges.
