September 22-24, 2017

September 25-27, 2017

\$475 each clinic

Clinic format is one-on-one sessions throughout the day so that each rider gets personalized time with Ross and can work on whatever they want to focus on. Watching all the other sessions is a valuable part of the clinic and learning experience.

Horses give their best when they feel good about the work and not perform simply because they have been trained to do a job. Just about all behavioral problems are based on bad feelings the horse is experiencing about the work.

Change the way he feels and you change the way he behaves.

Auditor Fee \$20/ day or \$50 for all 3 days

Lunch, snacks, and beverages will be available.

“Once you learn to listen to how a horse feels inside, you can then learn to present yourself and your ideas to a horse in a way that feels good to the horse and will allow him to go along with your ideas with a minimum of fuss.”

****Space is limited****
